Tax Statement

2019-2020 BUDGET (FY20)

This budget will raise more revenue from property taxes than the last year's budget by an amount of \$4,654, which is a 1.4% increase from last year's budget. The property tax revenue from new property added to the tax roll this year is \$6,229.

The average taxable value of a residence homestead in the City of Flatonia this year is \$141,875, a \$2,664 increase from the previous year (2018), and well below the \$19,844 increase in value of property from 2017. With the adopted rate of \$0.3150 per \$100 of taxable value (which is \$0.0050/\$100 lower than last year), the amount of taxes imposed this year on the average home will be \$446.91, a \$1.43 increase from the previous year. However, your individual taxes may vary at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property and the adopted tax rate.

FY₂₀ PROPOSED BUDGET

Budget Letter

September 10, 2019

To the Honorable Mayor and City Council of Flatonia, Texas

In accordance with Texas Statute and the City of Flatonia Code of Ordinances, the annual budget for fiscal year 2020 (FY20), beginning October 01, 2019, and ending September 30, 2020, is submitted for approval. The FY20 budget maintains existing service levels and implements budget requests and priorities identified during the strategic planning process with inputs from city departments and the city council. The budget relies on conservative revenues and is based on a tax rate of \$0.3150 per \$100 of valuation, which is \$0.0050/\$100 lower than the FY19 budget. Total projected revenue from ad valorem is \$337,809 for FY20.

The budget also serves as a document for the City of Flatonia establishing city priorities, goals, and programs for the upcoming year. The budget contains the appropriations necessary to achieve specified services, functions, and activities essential to the accomplishment of the city's objective to enhance the quality of life for the city's residents and businesses.

ECONOMIC OUTLOOK

For FY19, the real Gross Domestic Product (GDP) for the United States was forecast to grow by 2.3%, supporting strong labor market conditions that feature low unemployment and rising wages. The actual GDP has matched projections. After 2019, consumer spending and purchases of goods and services by federal, state, and local governments are projected to grow at a slower pace, and annual output growth is projected to slow—averaging 1.8 percent over the 2020–2023 period—as real output returns to its historical relationship with potential output [Source: Congressional Budget Office Report, August 21, 2019].

The unemployment rate for the United States in July 2019 was 3.7%, the lowest since 1969, and is expected to remain the same through FY20 [Source: U.S. Department of Labor]. Inflation in FY19 was 1.8% and is projected to increase slightly to 2.0% for FY20 [Source: Congressional Budget Office].

In Texas, the unemployment rate is better than the U.S. average and stands at 3.4%, inflation is also slightly better at 1.7% than the U.S. average. Texas GDP in 2018 was over 7% and for 2019 has slowed to 5.1%; still outpacing the U.S. average. The economic outlook for the United States for FY20 is projected to be healthy with Texas outpacing the U.S. averages.

FY₂₀ PROPOSED BUDGET

With the addition of Sonic at Amigos, the Amigos truck wash, and two historic district businesses opening in FY20, conservative estimates for total sales tax projections for FY20 should increase by 2.9% to a total of \$356,119 (combined total for both the City of Flatonia and the Flatonia EDC). New home starts in FY20 are projected to see another 4-6 new homes built in Flatonia. The city budget maintains the same general sales tax rate going to the city general fund of 1%, while the Flatonia EDC receives a dedicated sales tax of .5%.

FUTURE CONCERNS

The budget addresses the immediate operational needs of the City of Flatonia. Similar to last year, this budget continues to address numerous capital outlays projected for the Parks Department and the Utility Department. The city manager has prioritized the capital outlays and other projects list, and will program funding while balancing unknown/unexpected resource requirements that may arise.

The budget proposes a dedicated savings plan that when the fund balance at the end of FY20 exceeds \$50,000, then \$50,000 will be set aside in the money market account for the purpose of future waste water treatment plant sludge removal. This will be a planning factor in future budgets as well to increase the funds available for future sludge removal.

CONCLUSION

The budget authorizes spending within conservative revenue estimates while ensuring that the city will be able to continue to meet the needs of its residents and businesses. Budgeting and prioritizing the city's spending will continue to be monitored closely for FY20. The city cannot address all of its needs in any single budget year; however, working together, the city's staff, elected and appointed officials, will continue to use a multi-year approach so that the city's long-term objectives of a sustainable, superior quality of life for the residents of Flatonia can be realized.

Sincerely,

Mark A. McLaughlin
City Manager, Flatonia, TX

FY₂₀ PROPOSED BUDGET

FY₂₀ Proposed Budget

The proposed budget for FY20 is balanced with estimated revenues of \$5,711,625, estimated expenses of \$5,691,596, which includes debt services expenses of \$208,622. This produces a positive balance sheet with a total fund balance at the end of FY20 of \$20,029. Starting FY20, the money market account will have at least \$200,181 (current balance as of 9/4/2019). The TexPool savings account is at \$362,068. Combined, the money market and TEXPOOL accounts equal \$562,249, which covers our 60-day reserve to run the city in the event of a catastrophe. The master list of capital improvement projects totals \$131,156 budget for FY20, with the other projects list for all other non-capital improvement projects totals \$58,850.

Budgetary Priorities and Focus

The FY20 proposed budget is designed to provide for the needs of Flatonia's residents as well as the needs of the city, including the continual need for equipment upgrades for the utility department. This budget takes into account the necessity to maintain or improve municipal service levels in a manner that is consistent with the financial policies adopted by the city council.

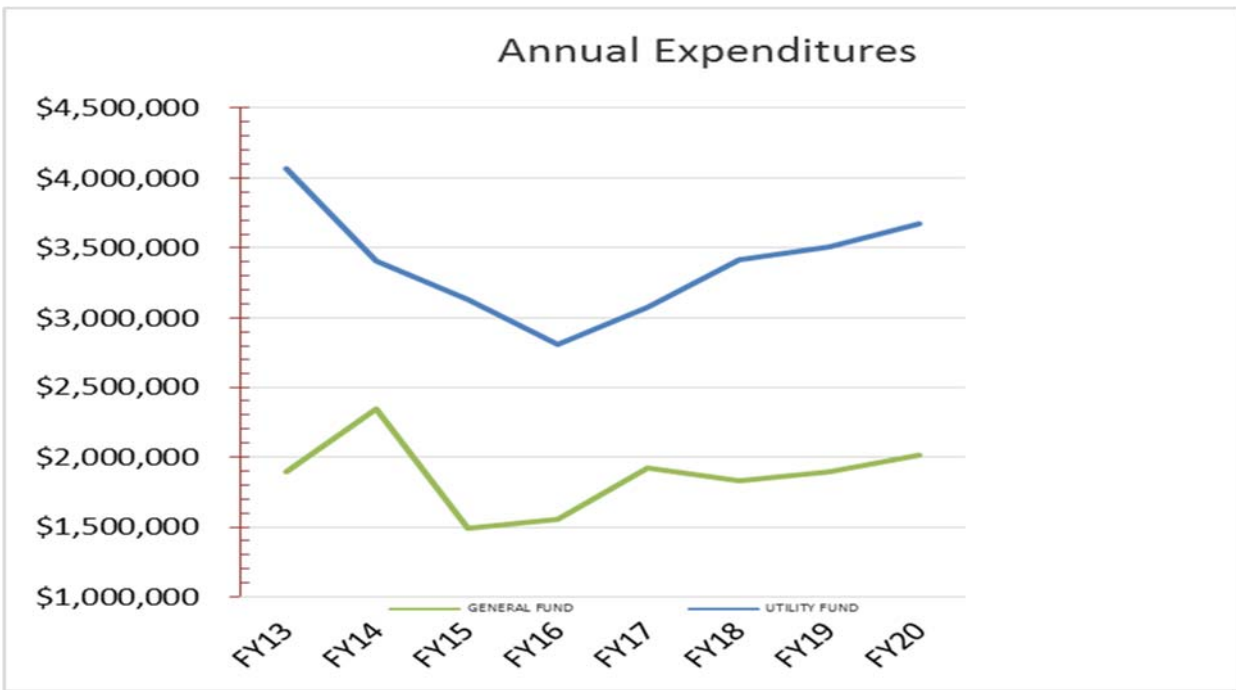

Minimum Fund Balances

The City Manager, as the budget officer for the City of Flatonia, has established the following:

1. All funds shall have a budgeted positive fund balance. At no time shall any fund within the budget for the City of Flatonia be proposed to City Council with a net deficit.
2. A 60-day reserve shall be maintained between the city's money market and TexPool accounts. The current 60-day reserve fund is \$562,249.
3. The city shall have a TexPool municipal government investment savings account. As debt is closed, those payments are expected to be made to the TexPool account to build for a larger future capital outlay if required.

Utility Funds Summary

The proposed utility funds budget expenses are projected to be higher than in FY19. The increases are due to projected growth and usage that began in FY19 and is expected to continue to increase in FY20. Amigos Country Corner is expected to open a truck wash facility and the expanded Flatonia ISD facility will increase water and wastewater expenses.

Utility Funds by Service Area

Department	Budget	Proposed	Percent	Change

\$3,508,215	\$3,666,736		\$158,522
-------------	-------------	--	-----------

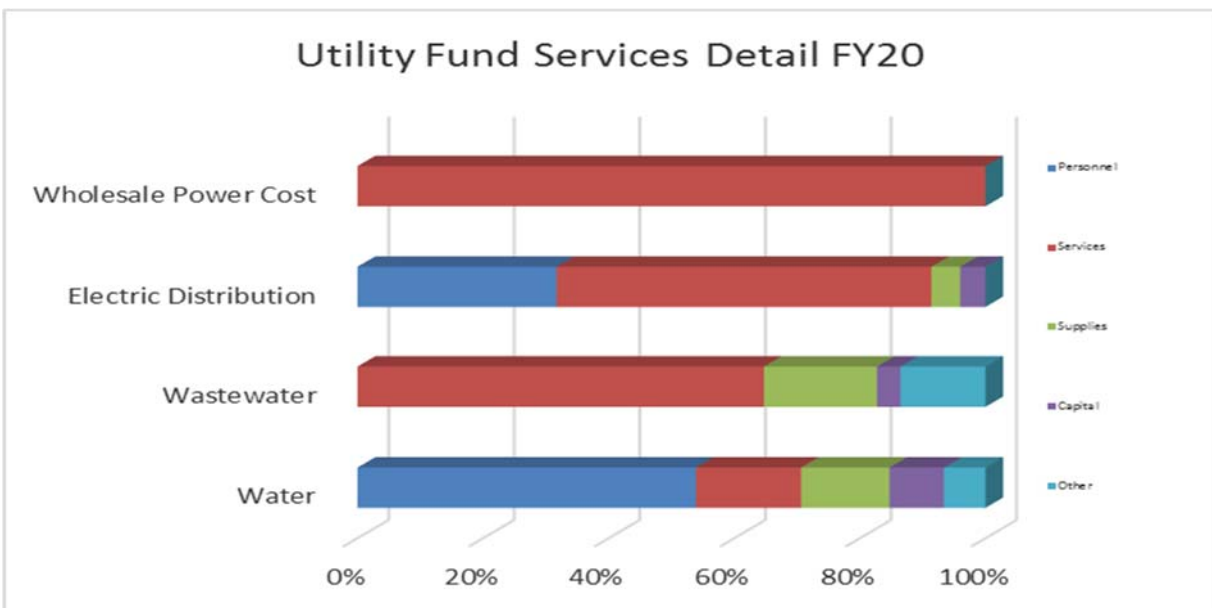

As indicated in the pie chart above, wholesale power cost represents 48.24% of all utility funds expenditures. The City of Flatonia owns its electric distribution system and purchases power from The Lower Colorado River Authority (LCRA). In addition to the cost of power purchase, the city charges distribution fees to cover the costs of utility infrastructure and labor. Total fully burdened labor charges in the utility fund total \$617,970.

As the table and chart above illustrate, wholesale power cost and wastewater do not currently have personnel allocated to them. Any personnel associated with power purchase and wastewater services are allocated to the electric distribution and water service areas respectively. The “other” expense in water and wastewater is attributed to debt service for past capital projects including the city’s arsenic filter system and wastewater pond maintenance.

The majority of the city’s revenue is derived from taxes (67.79%) and charges for service (23.91%). Over 90% of the revenue from “Charges for Service” is related to the city’s solid waste services which are provided by Texas Disposal Systems (TDS). In addition to collecting the TDS fees, the city charges a service fee for administering the trash service.

FY₂₀ PROPOSED BUDGET

Only 41.90% of all general fund tax revenue is derived from property and sales taxes.

Property Tax

The proposed FY20 budget is based on a property tax rate of \$0.3150 per \$100 valuation, which is \$0.0050/\$100 less than in FY19 and less than both the 2019 effective tax rate and rollback rate.

2019 saw an increase in the value of property in Fayette County by not nearly to the extent realized in 2018. The average family home value in Flatonia was \$139,211 for 2018, and increased in 2019 to \$141,875. Based on the tax numbers received from the Fayette County Appraisal District, the total taxable value for the City of Flatonia increased from 104,110,991 in 2018 to 107,240,843 in 2019. The 2019 effective tax rate is \$0.3179/\$100 of valuation. The 2019 rollback rate is \$0.3433/\$100 of valuation.

The effective tax rate is tax rate necessary to collect the same dollar amount of property tax revenue as the previous year based upon the taxing jurisdiction's total appraised value. The rollback rate is the maximum rate allowed under State law that will not be subject to a citizen recall. The rollback rate is calculated based on a number of factors and differs from one taxing jurisdiction to the next. If a taxing entity adopts a rate that is higher than this rate, then it may be subject to a "recall" election should a sufficient number of citizens object to the established rate. This FY20 budget continues a trend dating back a number of years where the adopted tax rate had been \$0.3300/\$100 of valuation or less. In the last two years FY19 and FY20, the city council has lowered the adopted tax rate to the current level used in the FY20 budget of \$0.3150/\$100 of valuation. This budget is predicated on levying a rate of \$0.3150/\$100 of valuation.

FY₂₀ PROPOSED BUDGET

The revenue derived from sales tax is allocated to the general fund and available for any use authorized.

The bar graph above reflects both the historic property tax rate and dollar amount of revenues collected for the City of Flatonia since 2014.

Sales Tax

The tables below may look busy but they are easy to understand. Table 1 is the historic and projected sales tax numbers collected (to be collected) for the City of Flatonia. In 2018, the total sales tax collected was re-apportioned with 1% going to the City and 0.5% going to the Flatonia EDC. Table 2 shows that portion of the City's sales tax and Table 3 is the portion going to the Flatonia EDC. All numbers in red are projections using historical data. For FY20, the historical data has an additional multiplier of only 35% of the total value of additional sales tax that Amigos projects in FY20 based on growth of the store with the addition of the Sonic franchise and a truck wash. If Amigos comes through as their business models project, actual sales tax figures for FY20 could be an additional \$16,000 to be split between the City and the Flatonia EDC.

In summary, the City expects in FY20 to collect a total of \$356,119 in sales tax, of which, \$238,286 goes to the City's general fund and \$117,833 goes to the Flatonia EDC.

Debt Service

The City of Flatonia does not levy property tax to pay down its existing debt instead, it utilizes existing cash reserves and annual revenues from all sources to satisfy debt obligations. The table below lists all current debt obligations. These obligations carry a “tax pledge” or guarantee by the city that it will levy sufficient property tax to pay the debt if at any time revenue from other sources becomes insufficient to pay the debt. The table below shows the existing debt services and the annual amount and years they expire. The column highlighted in “green” shows the numbers imbedded in the FY20 budget. Of note, the FY20 budget includes the final debt service payment on the 1999 bond for the waste water treatment plant sludge removal.

Capital Planning

The City of Flatonia engaged in comprehensive planning efforts many times over the past several decades. A major part of any comprehensive planning effort by the city involves estimating the useful life of its assets as well as maintenance and replacement costs. Due

FY₂₀ PROPOSED BUDGET

to lack of sufficient funding, many of these assets had not been replaced in the past. In the past three years, the city has upgraded a number of much needed pieces of utility heavy equipment as well as six new police vehicles. The capital projects in the short term focus on street paving at \$66,156, and a utility truck for the utility director at \$45,000. The table below is the list of historical projects and those highlighted in yellow for the FY20 capital improvement plan.

FY₂₀ PROPOSED BUDGET

The table below is similar to the capital projects list above; however, it shows the list of all projects desired but not necessarily funded. Only the yellow shaded amounts are accounted for within the FY20 budget. Green shaded areas are completed projects. Any block unshaded holding a dollar figure is a placeholder for consideration but not accounted for within any FY budget. The eight digit numbers on the far right are the budget line items associated with each project.

Personnel

The City of Flatonia currently employs 21 full-time employees and four part-time employees. The FY20 budget includes a 1.7% Cost of Living Adjustment (COLA), which matches the increase in the Consumer Price Index of all goods and services. There were a targeted few performance based wage increases applied to the FY20 budget.

This concludes the budget report.
